HOME DEPARTMENT.

Police.

Simla, the 8th August 1935.

No. F.114/21/35.—His Excellency the Viceroy and Governor-General of India has been pleased to confer the Indian Police Medal on the following officer :—

MADRAS PRESIDENCY.

Name of officer and rank and district of service for which the decoration has been conferred.

Thirumangalkudi Srinivasami Sastrias Chinnaswami Sarma, Sub-Inspector—On the 25th August 1934 Sub-Inspector Chinnaswami Sarma with two head constables and nine constables proceeded on a sudden call to the village of Kodumudi in Coimbatore district to afford protection in the execution of a civil court decree transferring the possession of certain land. The land in question was approached by way of a narrow sandy lane between hedges of high cactus. As the police party approached the place, they were ambushed and attacked by a mob of some 300 Goundars who had gathered armed with spears and sticks and stones determined to resist the execution of the decree. On the first assault by a shower of stones the Sub-Inspector drew up his men facing the attack. Between the police and their assailants was the low cactus hedge, thus a narrow open space and then a high cholam crop from cover of which most of the stones were coming. No heed was paid to warning and one of the constables fell with a serious head wound. The Sub-Inspector then resorted to gun fire. First two rounds were fired to command and 10 th was repeated without apparent effect. Volleys of stones continued without intermission. The position of the police was highly precarious. They were under continuous punishment from missiles. Retreat was impossible. Their assailants were under cover and their determination was clear. The police would have been overwhelmed by a sudden rush and with their assailants armed and ready any sign of hesitation or fear would have brought this about. Volley firing was ordered at the chest and five steady volleys had to be fired before the attackers broke from their cover and fled. Nine of the police party sustained considerable multiple injuries while the other three escaped with minor bruises. Sub Inspector Chinnaswami Sarma by his coolness, steadiness and courage in face of a sudden emergency not only extricated himself and his party from a position of extreme hazard but also effectively vindicated and sustained the authority of Government.

N.B.—This award is made for gallantry under regulation 4 (1) of the regulations governing this Medal of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

BILL No. 14 OF 1935.

The Madras Land Alienation Bill.

WHEREAS it is expedient to amend the law as to alienations of lands held by agriculturists for the purposes herein appearing;

1. (1) This Act may be called the Madras Alienation of Land Act of 1934.

(2) It extends to the whole of the Presidency of Madras,

2 In this Act unless there is anything repugnant in the subject or context—

(1) The expression " Land " means land which is not occupied as the site of any building in a town or village and is occupied or let for agricultural purposes or for purposes subservient to agriculture or for pasture and includes—

(*a*) The site of buildings and other structures on such land

(*b*) Any right of occupancy.

(*c*) Any right to water enjoyed by the owner or occupier of land as such.

(2) The expression " Permanent Alienation " includes sales, exchanges, wills and gifts.

3. (1) A person who desires to make a permanent alienation of his land shall be at liberty to make such alienation where—

(*a*) the alienor is not a member of an agricultural tribe, or

(*b*) the alienor is a member of an agricultural tribe and the alience is also of an agricultural tribe.

(2) Except in the cases provided for in sub-section (1), a permanent alienation of land shall not take effect as such, unless and until sanction is given thereto by a District Collector provided that—

(1) sanction may be given after the act of alienation is otherwise completed, and

(2) sanction shall not be necessary in the case of—

(*a*) a sale of a right of occupancy by a tenant to his landlord, or

(*b*) a gift made in good faith for a religious or charitable purpose whether inter vivos or by will.

(3) The District Collector shall enquire into the circumstances of the alienation and shall have discretion to grant or refuse the sanction required by sub-section (2).

4. The Local Government shall, by notification in the local official gazette, determine what bodies of persons in any local area are to be deemed to be agricultural tribes for the purposes of this Act.

5. When a District Collector sanctions a permanent alienation of land his orders shall not be taken to decide or affect any question of title or any question relating to any reversionary right.

6. (1) If a member of an agricultural tribe mortgages his land and the mortgagee is not a member of an agricultural tribe, the mortgage shall be made in one of the following forms:—

(*a*) In the form of a usufructuary mortgage by which the mortgagor delivers possession of the land to the mortgagee and authorizes him to retain such possession and to receive the rent and profits of the land in lieu of interest and towards payment of the principal, on condition that after the expiry of the term agreed upon, or, (if no term is agreed on, or if the term agreed on exceeds 20 years) after the expiry of twenty years the land shall be redelivered to the mortgagor, or

(*b*) in the form of a mortgage without possession, subject to the condition that if the mortgagor fails to pay the principal and interest according to his contract, the mortgagee may apply to the District Collector to place him in possession for such term not exceeding 20 years as the District Collector may consider to be equitable, the mortgage to be treated as a usufructuary mortgage for the term of the mortgagee's possession and for such sum as may be due to the mortgagee on account of the balance of principal due and of interest due not exceeding the amount claimable as simple interest at such rate and for such period as the District Collector thinks reasonable; or

(*c*) in the form of a usufructuary mortgage by which the mortgagor recognizes the mortgagee as a landlord and himself remains in cultivating occupancy of the land as a tenant subject to the payment of rent at such rate as may be agreed upon not exceeding sixteen annas per rupee of

the amount of the land revenue in addition to the amount of the land revenue of the tenancy and the rates and cesses chargeable thereon and for such term as may be agreed on, the mortgagor having no right to alienate his right of cultivating occupancy and the mortgagee having no right to eject the mortgagor, unless he fails to pay the rent agreed upon consecutively for two years or does any act which naturally impairs the value of the land; or

(*d*) in any form which the Local Government may by general or special order permit to be used.

(2) If in the case of a mortgage in form (*c*) the mortgagor is ejected or relinquishes or abandons cultivating occupancy of the land, the mortgage shall take effect as a usufructuary mortgage in form (*a*) for such term not exceeding 20 years from the date of ejectment, relinquishment or abandonment, and for such sum of money as the District Collector considers to be reasonable.

(3) The District Collector if he accepts the application of a mortgagee under sub-section (1) (*b*), shall have power to eject the mortgagor, and as against the mortgagor to place the mortgagee in possession

7. In the case of mortgages made under section 6—

(3) the mortgagor may redeem his land at any time during the currency of the mortgage, on payment of the mortgage debt or in the case of a mortgage in form (*a*) or form (*b*), of such proportion of the mortgage debt as the District Collector determines to be equitable;

(4) in the case of a usufructuary mortgage, the mortgagor shall not be deemed to bind himself personally to repay the mortgage money; and

(5) if a mortgagor who has applied to the District Collector under section 3 proves to the satisfaction of the District Collector that he has paid the mortgage debt or such portion of the mortgage debt as the District Collector has determined to be equitable, or deposits with the District Collector the amount of such mortgage debt or of such proportion thereof, the redemption of the land shall be deemed to have taken place, and the District Collector shall have power to eject mortgagee if in possession, and as against the mortgagee to place the mortgagor in possession.

8. (1) In a mortgage made under section 6, the following conditions may be added by agreement between the parties—

(*a*) A condition fixing the time of the agricultural year at which a mortgagor redeeming his land may resume possession thereof;

(*b*) conditions limiting the right of a mortgagor or mortgagee in possession, to cut, sell or mortgage trees or to do any act affecting the permanent value of the land; and

(*c*) any condition which the Local Government by general or special order may declare to be admissible.

(2) In mortgages made under section 6 any condition not permitted by or under the Act shall be null and void.

9. (1) If a member of an agricultural tribe makes a mortgage of his land in any form or form not permitted by or under this Act, the District Collector shall have authority to revise and alter the terms of the mortgage so as to bring it into accordance with such form of mortgage permitted by or under this Act as the mortgagee appears to him to be equitably entitled to claim.

(2) If a member of an agricultural tribe has before the commencement of this Act made a mortgage of his land in which there is a condition intended to

operate by way of conditional sale, the District Collector shall be empowered at any time during the currency of the mortgage to put the mortgagee to his election whether he will agree to the said condition being struck out, or to accept in lieu of the said mortgage a mortgage which may at the mortgagee's option be either in form (*a*) or in form (*b*) as permitted by section 6 and which shall be made for such period not exceeding the period permitted by the said section and for such sum of money as the District Collector considers to be reasonable

(3) If proceedings for the enforcement of a condition intended to operate by way of conditional sale are instituted or are pending at the commencement of this Act in any civil court or if a suit is instituted in any civil court on a mortgage to which sub-section (1) or sub-section (2) applies, the court shall refer the case to the District Collector with a view to the exercise of the power conferred by the sub-section applying thereto.

(4) When a mortgagee put to his election under sub-section (2) agrees to accept in lieu of his mortgage, a mortgage in form (*a*) or in form (*b*) as permitted by section 6 for the period and for the sum of money considered by the District Collector to be reasonable, and the mortgagor cannot be found or fails to appear when duly served with a notice to do so, or refuses or neglects to execute such mortgage, the District Collector shall have authority to execute such mortgage on such terms as to costs as he may fix and the mortgage so executed shall have effect as if it had been executed by the mortgagor. The District Collector may for any reason which he deems sufficient set aside any ex parte proceedings taken under this section.

10. In any mortgage of land made after the commencement of this Act any condition which is intended to operate by way of conditional sale shall be null and void.

11. Any member of an agricultural tribe may make a lease or farm of his land for any term not exceeding 20 years, and any lease or farm made by a member of an agricultural tribe for a longer term

than 20 years shall, if the lessee or farmer is not the member of the agricultural tribe, be deemed to be a lease or farm for the term permitted by this section.

12. (1) During the currency of a mortgage made under section 6 in form (*a*) or in form (*b*) or of a lease or farm under this Act, the owner shall be at liberty to make a further temporary alienation of the same land for such terms as together with the term of the current mortgage, lease or farm will make up a term not exceeding the full term of 20 years.

(2) Any such further temporary alienation if made for a longer term than is permitted by the section shall be deemed to be a temporary alienation for the term permitted by the section.

13. If a mortgagee, lessee or farmer holding possession under mortgage made under section 6 or under a lease or farm made under section 11 or under a mortgage, lease or farm under section 12, remains in possession after the expiry of the term for which he is entitled to hold under his mortgage, lease or farm, the District Collector may of his own motion or on the application of the person entitled to possession eject such a mortgagee, lessee or farmer and place the person so entitled to in possession.

14. Any permanent alienation which under section 3 is not to take effect as such until the sanction of the District Collector is given or if such sanction is refused, take effect as a usufructuary mortgage in form (*a*) permitted by section 6 for such term not exceeding 20 years and on such condition as the District Collector considers to be reasonable.

15. Every agreement whereby a member of an agricultural tribe purports to alienate or charge the produce of his land or any part of or share in such produce for more than one year shall take effect for more than one year from the date of the agreement unless the sanction of the District Collector is given thereto and shall until such sanction is given or if such sanction is refused, take effect as if it had been made for one year.

Explanation.—The produce of the land means—

(*a*) crops and other products of the earth standing or ungathered on the holding;

(b) crops and other products of the earth which have been grown on the land during the past year and have been reaped or gathered.

16. (1) No land belonging to a member of an agricultural tribe shall be sold in execution of any decree or order of any civil or revenue court, whether made before or after the commencement of this Act. But it shall be competent for them to appoint a Receiver for the income of the land and provide for the discharge of the debts after making the allowance for the maintenance of the debtor.

(2) Notwithstanding anything contained in any other enactment for the time being in force, no land belonging to a member of an agricultural tribe shall either in execution of any decree or order of any civil or revenue court or by any Receiver appointed therein, whether made before or after the enactment of this Act, be leased or farmed for a period exceeding 20 years or mortgaged except in one of the forms permitted by section 6.

(3) Nothing in the section shall affect the right of Government or a landholder within the meaning of the Madras Estates Land Act to recover arrears of land revenue or rent or any dues which are recoverable as arrears of land revenue or under the Estates Land Act in any manner now permitted by law.

17. Notwithstanding anything in the Indian Registration Act, 1877, or in any rule made under section 60 of that Act—

(1) an instrument which contravenes any provision of this Act shall not be admitted to registration;

(2) an instrument which records or gives effect to any transaction which requires the sanction of the District Collector shall not be admitted to registration until a certified copy of the order giving such sanction is produced to the officer empowered to register such instrument.

19. (1) A civil court shall not have jurisdiction in any matter which the Local Government or a revenue officer is empowered by this Act to dispose of.

(2) No civil court shall take cognizance of the manner in which the Local Government or any revenue officer exercises any power vested in it or in him by or under this Act.

20. (1) Notwithstanding anything contained in the Code of Civil Procedure or in any other Act for the time being in force, every civil court which passes a decree or order involving (1) the permanent alienation of his land by a member of an agricultural tribe or (2) the mortgage by a member of an agricultural tribe of his land when the mortgagee is not a member of an agricultural tribe, shall send to the District Collector a copy of such decree or order.

(2) When it appears to the District Collector that any civil court has either before or after the date when this section comes into operation, passed a decree or order contrary to any of the provisions of this Act, the District Collector may apply for the revision of such decree or order to the court, if any, to which an appeal would lie from such decree or order or in which an appeal could have been instituted at the time when the decree or order was passed or in any other case to the High Court. And when the court finds that such decree or order is contrary to any of the provisions of this Act, it shall alter it so as to make it consistent with this Act Such application shall be made within two months of the date upon which the District Collector is informed of such decree or order.

(3) When any such appellate court passes an order rejecting such application, the District Collector may within two months after the date upon which he is informed of such order, apply to the High Court for revision thereof.

(4) Every civil court which passes an order on any application made under this section shall forthwith send a copy thereof to the District Collector.

(5) No stamp shall be required upon such applications and the provisions of the Code of Civil Procedure as regards appeals shall apply so far as may be to the procedure of the court on receipt of such application:.

Provided that no appearance by or on behalf of the District Collector shall be deemed necessary for the disposal of the application.

21. The powers conferred by this Act upon the District Collector may be exercised by a revenue officer authorized by the Local Government on this behalf.

23. (1) The Local Government may make rules for carrying into effect the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, the Local Government may make rules prescribing the revenue officers to whom applications may be made and the manner and form in which such applications shall be made and disposed of.

STATEMENT OF OBJECTS AND REASONS.

It is a well-known fact that agricultural indebtedness is colossal. Now on account of depression the value of land has gone down to less then half of what it was before the depression began. As the value of agricultural produce and land is extremely low, it is impossible for agriculturists to repay their debts. The inevitable consequence is that lands will pass into the hands of professional money-lenders, capitalists, who had no connexion with land or the village community. The money-lenders, who are now becoming the owners, are not likely to improve the lands or arrange for the effective cultivation thereof. They would rent out the land to the highest bidders and these rack-rented tenants though they may belong to the agriculturist class, have no permanent interest in the land and always stand the risk of ejection. The motive for acquisition of land by a money-lender or capitalist being purely commercial would prevent him from repairing or improving the land in the manner all agriculturists would do,.

unless an adequate return for further investment on the land could be expected by him. The temporary tenant too will have no interest in repairing the land or of improving it. The lands thus deteriorate, the productivity of land will suffer, and therewith the national wealth.

The agriculturist therefore requires to be protected by the State, and should be prevented from parting with lands. It is common knowledge that an agriculturist is always in needy circumstances and can easily be exploited by the too avaricious money-lender. Just as the Government protects the assignees of lands in the case of depressed classes and military men by imposing conditions against alienation, it is but proper that such protection should be extended to the needy agriculturist too, and that such a widespread disaster be prevented as far as possible.

The Punjab Alienation of Land Act, 1900 (Act XIII of 1900), has provided sufficient remedy against such disaster in that province. In the circumstances now prevailing in this province, legislation on the lines of the Punjab Alienation of Land Act is necessary with a similar object

BILL No. 15 OF 1935.

A Bill to amend the Madras Hindu Religious Endowments Act, 1926 (*Madras Act II of* 1927)

WHEREAS it is expedient further to amend the Madras Hindu Religious Endowments Act, 1926, (Madras Act II of 1927), for the purpose hereinafter appearing;

AND whereas the previous sanction of the Governor-General has been obtained to the passing of this Act;

It is hereby enacted as follows:—

1. This Act shall be called " The Madras Hindu Religious Endowments (Amendment) Act, 193 ."

2. The following shall be substituted for section 84, sub-section (2) of the Madras Hindu Religious Endowments Act, 1926 (Madras Act II of 1927):—

" *Section* 84 (2).—Any person affected by a decision under sub-section (1) may within

six months file a suit in the court to modify or set aside such decision and the court shall, in deciding the suit consider the evidence already tendered before the Board, take such fresh evidence oral and documentary as may be tendered by the parties and pass a decree following the provisions of the Code of Civil Procedure (Act V of 1908).

Explanation.—All orders already passed under the repealed sub-section shall be deemed to be decrees within the meaning of section 2 of the Code of Civil Procedure."

3. The following shall be substituted for the last item in Schedule II:—

84 (2)	Suit to modify or set aside the decision of the Board under sub-section (1).	The fee leviable on a plaint under Article 17, Schedule II, of the Madras Court fees Amendment Act, 1922.

STATEMENT OF OBJECTS AND REASONS.

Disputes under section 84 of the Madras Hindu Religious Endowments Act, viz., whether a mutt or temple is one to which the Act applies or as to whether the temple is an excepted temple or whether it is a public or private temple are first decided by the Board in a summary manner. The Board, it has been held, is not a court for this purpose and that it is not even bound to take evidence. The decision of the Board is therefore more of an executive than of a judicial character. Section 84, as it now stands, provides that against the decision of the Board the aggrieved party has a right to file an application to the court but subject to this, the order of the Board is final.

Doubts have arisen as to whether such an application filed in the court to set aside or to modify the order of the Board is in the nature of a suit and as to the amount of court-fee payable thereon. It has been recently held by the High Court that the applications should be stamped as a plaint in a regular suit. Doubts have also arisen whether being simply called an application, the court should take evidence as in a regular suit or merely confine itself to the evidence already tendered before the Board. In some cases the court rejected fresh evidence tendered, but this procedure has not been held to be illegal. To avoid all technical difficulties in the matter it is now provided that instead of filing an application the

aggrieved party may file a suit in the civil court to set aside or modify the order of the Board. This will also avoid further doubts that may arise as to the court-fee payable in any appeal filed against the order passed by the civil court. If the order passed by the civil court is a decree then regular court-fee is payable, but not if it is merely an order under the Code of Civil Procedure.

The period provided for the suit to set aside the order of the Board has also been reduced from one year to six months to expedite decision in the matter.

The explanation is added to regularize the collection of court-fee in appeals filed under the old section. If this is not done, a large amount of court-fee already collected may have to be refunded.

10. A candidate cannot be allowed to change the place of examination named by him in his application unless application is made on his behalf by the head of the office in which he is employed and it is also certified by him, or by the candidate's immediate superior, if the candidate is himself the head of an office, that the change is necessary in the interest of the public service or is unavoidable. *Such applications for change of centre should be made sufficiently early so as to reach the Commission's office not later than 15th November 1935.*

A candidate changing his place of examination without the permission of the Madras Services Commission must be prepared to have his examination cancelled.

Candidates are accordingly warned to satisfy themselves before sending in their applications that they are eligible under the rules in force to be admitted to the tests for which they apply. They are advised to fill in the particulars in the form of application fully and correctly and to submit their applications through their superior officers sufficiently early before the prescribed date.

12. In submitting an application for admission to the examination the candidate will be deemed to have given an undertaking that he will abide by all the rules now in force or those to be brought into effect hereafter in respect of that examination. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations for such term of years as the Madras Services Commission may think fit, or, if the Commission is not satisfied for any reason whatever as to the trustworthiness of his results he may be required to undergo a re-examination at some future date to be fixed by the Commission in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

12. Candidates are strictly warned that they should not approach the examiners with reference to their answer papers. Any candidate approaching or attempting to approach an examiner or getting other people to approach an examiner on his behalf will be disqualified and will also be reported to the head of the office or department in which he may be employed for disciplinary action.

14. Subject to any change that may be found to be necessary, the examinations will be conducted in the order of time and subjects shown in the annexure to this notification.

15. The results will be published in the *Fort St George Gazette*; no certificates of success will be issued.

TENDER FOR PROTECTING THE LEFT MARGIN OF THE KISTNA RIVER FROM 31/1 TO 33/3.

Tenders will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada, up to 4 p.m. on 9th September 1935, for the above work.

2 Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the re-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3 Each tenderer must pay as earnest money, a sum of Rs. 200 (rupees two hundred only) into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Kistna Western Division and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from the date of tender, whichever is earlier. The refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him whatever their denominations may be.

The earnest money will be returned in the case of the successful tenderer, and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender, sign an agreement in the departmental K-2 form for the due fulfilment of contract. Failure to enter into the required agreement shall entail forfeiture of the earnest money.

5 To give to prospective tenderers an idea about the nature and volume of work to be done and to enable them to quote suitable rates a schedule of approximate quantities is furnished. It shall however be definitely understood that the Government does not accept any responsibility for the correctness of the schedule and that it is liable to alterations by omissions, deductions or additions. The several items of work noted in the schedule are to be executed as per the Madras Detailed Standard Specifications or supplemental specifications for which reference is given against each. The tenderer should carefully study the drawings, specifications and all the documents relating to the work to execute which this tender is called for. These can be seen at any time between 12 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Kistna Western Division, Bezwada.

6 The tenderer's particular attention is drawn to the conditions and to the directions to parties tendering, detailed on the K-2 agreement form and also to the sections and clauses in the Standard Preliminary Specification, of the Madras Detailed Standard Specification dealing with (a) materials and workmanship—Section D, clauses 20 to 27—and (b) included in the contract rates—section E and clauses 33 to 41 and 43.

7 Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the descriptive specification sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in the tender notice, or as required by the Executive Engineer, Kistna Western Division, in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer, Kistna Western Division.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The rate tendered should be for finished work in situ inclusive of all incidental charges connected with its execution and should be quoted in rupees, annas and in sum of three pies. The rates should be written in words and figures and the units in words. The tender should be written legibly and free from erasures, overwritings or conversions of figures. Corrections where unavoidable should be made by crossing out, initialing, dating and rewriting.

9. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

10 The materials that will be supplied by Government and the places and rates at which they will be supplied, are noted at the end of the schedule accompanying the tender form. Tenderers must accept the materials at these rates and places specified, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change

in the market value for these materials, the charges to the contractor will remain as originally entered in the written contract. No carriage or incidental charges will be borne by Government in connexion with this supply.

11. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on contractor's behalf.

12. If further necessary information is required, the tenderer will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

13. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

14. No extra payment will be made for any baling of water that may be required during the execution of the work. The same shall be included in the rates for the respective items.
